Access 24/7 computer network information, including live server status, security patches and valuable metrics.

Client Testimonial

"As an engineering consulting business, we rely on IT for over 90% of our activities. Emerging IT provides fast and reliable service, backed by great systems and people to make sure our people can focus on delivering for our clients."

— Managing Director, CMP Group

Why Choose Us?

Established in 2001, Emerging IT specialises in optimising the IT infrastructure of businesses across Australia. We secure your system and enhance your outcome.

Our recipe for success lies in providing "Clarity in a Complex World". We break down technical jargon into simple concepts that you can easily understand!

200+ businesses managed

22+ years of expertise

50+ high-skilled staff

Cost-Effective

Fixed monthly fee with the option to include basic remediation.

No Lock-In Contracts

Flexibility not to be tied to any fixed commitment. 30-day rolling contract.

Monthly Reports

Regular reports with explanation on all maintenance and support.

Strategic Guidance

A dedicated account manager to guide you along your IT journey. Access certified technicians and engineers for consultations and roadmaps.

Available When You Need Us

100% Australian-based, available 12 hours daily, 7am-7pm AEST.

Custom Solution

Business planning and IT solutions, tailored to your needs.

Quick Response

Utilise priority matrix to organise issues and can respond in as little as 10 minutes.
